Correction to Library's 2024 Annual Newsletter

(Friday Harbor, WA) – Wednesday, July 24th, 2024

The San Juan Island Library would like to correct two items on page 3 of the Library's 2024 Annual Newsletter concerning the Library's Operational Levy Adjustment listed on the upcoming August 6th primary ballot. In the sentence reading, "The new levy lid lift would adjust the levy rate from 23.39 cents per \$1,000 assessed value to 41 cents," "23.39" should read "25.39," as verified on the County Assessor's website at <https://www.sanjuancountywa.gov/1313/Assessors-Data>. Also, the approximate annual increase for a \$750,000 home is \$117 rather than \$113. The library regrets these unintended errors. We strive for accuracy in all our publications.

For up-to-date information on the library's proposed Levy Lid Lift, visit <https://www.sjlib.org/levylidlift>. We encourage all community members to vote.

The library fosters a culture of openness, accountability, and transparency. Our commitment is to provide clear, accurate, and timely information. Library Board meetings are open to the public, and Board Meeting agendas, minutes, and library budgets are available online at <https://www.sjlib.org/about-the-library/board-of-trustees/board-minutes-and-library-documents/>

Please contact Anthony Morris, Assistant Director, at amorris@sjlib.org or (360) 378-2798, or visit www.sjlib.org for more information.
